SKU: CDMP-1500
Product Name: CDMP-1500
TITLE: RACKMOUNT CD/USB MEDIA PLAYER

DESCRIPTION: The Gemini CDMP-1500 brings together robust design, powerful functionalities, and flexible networking capabilities for demanding installations. It is a versatile CD/USB media player complimented with a convenient remote control for music playback. With an intelligent auto-set playlist option, it blends perfectly in various setups including restaurants, fitness studios, hotels, or anywhere there's a minimal need to monitor the unit. Its multiple connectivity options require minimum effort to set up and the anti-shock feature ensures external bumps and vibrations won't disrupt your music. If you need a media player that packs a punch, the CDMP-1500 is built for you.

Highlights:
1. DIGITAL MEDIA PLAYER: Whether on CD, CD-R or USB, the CDMP-1500 plays all your MP3 files. It's programmable so you can setup your ultimate playlist.
2. TOTAL CONTROL: This isn't your typical CD player; it comes loaded with extra features that DJs will love such as CUE and PITCH options. Remote control allows you to adjust playback from afar.
3. ULTIMATE I/O: The CDMP-1500 features a combo XLR/¼" microphone on the rear of unit as well as a ¼" mic input on the front as well. Balanced XLR outputs allow you to send audio over long distances without interference or noise. There are also dedicated Master and Record RCA outputs for a truly expandable system.
4. SET IT AND FORGET IT: Standard 1U size with removable rack ears allows the CDMP-1500 to fit seamlessly into any audio rack. Programmable and remote controllable, so can be installed out of the way without giving up control.
5. PERFECT FOR YOUR BUSINESS: In addition to home use, this full featured media-player is the perfect solution for business installs. Cafes, Restaurants and Venues as well as Fitness and Dance studios will appreciate all the features packed into the CDMP-1500. This is the ultimate solution for your background music needs.
